

QUALITY FOR LIFE

Otto Bock HealthCare is a globally successful medical technology company with more than 3600 employees. For enhancement of our Sales Organization in Bucharest , Romania, we are searching for a qualified and motivated personality at the earliest possible date as a

## Prosthetist/Orthotist (male/female)

### Your duties:

After intensive training you will be responsible for the extension of the local workshop in coordination with the company management. You will be independently responsible for the fitting of patients with upper and lower extremity prostheses, especially leg prostheses. Moreover, you will independently prepare and hold training courses for customers and employees. On the other hand, you will take part in training courses and seminars taking place in Romania and abroad.

### Your requirements:

You are a prosthetist/orthotist and already dispose of relevant professional experience in independent patient fitting with leg prostheses. Moreover, you are interested in an unlimited employment in Romania and you have good communication skills in Romanian and English (in speech and writing). German as an additional language would be a plus. Your personality is characterised by openness, honesty and integrity. Furthermore, you are flexible and you like working in a team. You also possess knowledge transfer skills and have a general willingness to travel.

### Have we aroused your interest?

Then please send us your informative application documents, consisting of motivation letter, curriculum vitae, references and credentials per e-mail to the address below.
