Otto Bock at FESPIC Games

From 25 November to 1 December, the 9th FESPIC Games will take place in Kuala Lumpur, Malaysia, with around 5,000 athletes from 62 countries participating in 19 sports for athletes with a disability.

Otto Bock HealthCare, Worldwide Partner of the International Paralympic Committee (IPC), will also be the Official Service Provider for this years' FESPIC Games. The company will send an international team with technicians from Germany, Malaysia, Thailand and China, and lots of material to Malaysia to be able to help athletes with technical services and last-minute reparations onsite. The Otto Bock workshop will be placed at the Bukit Jalil stadium in Kuala Lumpur.

Otto Bock is the leading global supplier in prosthetics and rehabilitation and has been supporting the Paralympic Movement and its athletes, both with its products and its free services, at events for years. Since the Seoul 1988 Paralympic Games, Otto Bock has also brought their service centre to several major competitions outside the Paralympic Games, for example, the IPC Athletics World and European Championships and FESPIC Games.

For more information about Otto Bock HealthCare, please visit the official website at www.ottobock.com. For information about the FESPIC Games 2006, please go to www.kl06fespicgames.com.my.
